

THE YALE

AMERICA'S OLDEST UNDERCLASSMAN A CAPPELLA GROUP

SPIZZWINKS(?)

SINCE 1914 ■

AT A GLANCE

TOURS:

Every year, the 'Winks take two international tours and one domestic. This year, we'll be traveling up and down the East Coast, as well as touring California, Oregon, British Columbia, Florida, Brazil, Martinique, the Bahamas, China, Korea, Singapore, and Thailand. That's almost two months of travel! Also, make sure to ask us about the "Spizzwink(?) Guarantee."

CONCERTS:

Every group on campus supports itself by singing concerts on tours and around New England. We sing over a hundred concerts every year at schools, churches, clubs, and public auditoriums throughout the world, including a recent performance in Carnegie Hall. Unlike many other groups, the Spizzwinks(?) incorporate humor into our concerts through comedic sketches interspersed throughout the music.

REPERTOIRE (AND ALBUMS):

The Spizzwinks(?) sing a wide variety of genres, from Top 40 hits to American traditionals, while many groups are more specialized. Albums can be one of the most valuable tools for evaluating a cappella groups, along with YouTube videos and live concerts. We produce an album every other year (including this year!). Many groups alternate between international tours and albums; the Spizzwinks(?) are fortunate to travel internationally even on album years.
